This page was intentionally left blank

1   Overview of the Simulator

1.1   Use Case

1.2   Design Choices and Functionality

Sakhile Mathunjwa

2 How to use the Simulator

2.1 How to Compilation

2.2 Running the Simulator

2.3 Troubleshooting

2.4 Known Bugs

3   Simulator Internals Documentation

3.1   ELF Handling

3.2   CPU Simulation

3.3   Memory Simulation

3.4   User Interface
